

Dip Das

Curriculum Vitae

Education

- 2023–2028 **PhD in Statistics**, *Department of Statistics*, University of South Carolina, South Carolina, United States.
- 2021–2023 **MS in Statistics**, *Department of Mathematics and Statistics*, Texas Tech University, Texas, United States.
GPA – 4.0 out of 4.0
- 2015–2019 **BS in Applied Statistics**, *Institute of Statistical Research and Training*, University of Dhaka, Bangladesh.
GPA – 3.72 out of 4.0

Research Interest

- Machine Learning
- Survival Analysis
- Stochastic Processes
- Diffusion Models
- Generative AI

Employment

- August 2023–
Currently **Graduate Teaching Assistant**, *Department of Statistics*, University of South Carolina, United States.
- September
2021– July
2023 **Graduate Part Time Instructor and Graduate Research Assistant**, *Department of Mathematics and Statistics*, Texas Tech University, United States.
- December
2020– May
2021 **Research Associate**, *BRAC James P. Grant School of Public Health*, BRAC University, Dhaka, Bangladesh.
- May 2020–
November
2020 **Young Professional (Data Analyst)**, *Aspire to Innovate (a2i) Programme*, Dhaka, Bangladesh.

Publications

Submitted

Peña, E. A., **Das, D.**, and Wu, Y. “*Game, Set, Match: Double Delight in a Grand Slam Tennis Match.*” Submitted to *Mathematics and Sports*.

Published

Dip Das, Md Hasinur Rahaman Khan, “*Likelihood Function-based Estimation for Clustered Censored Data with Embedded AFT Models*” *Statistics in Biosciences*, 2026

Mostafa, F., Hossain, K., **Das, D.**, and Khan, H. “*Deep Learning Approaches with Explainable AI for Differentiating Alzheimer’s Disease and Mild Cognitive Impairment.*” *AppliedMath*, 5(4), 171.

Master’s Thesis

Title *Classification performance of Supervised Machine learning methods on Multivariate Normal Mixture models with application to heart failure dataset*

Supervisor Dr. Ruiqi Liu, Assistant Professor, Texas Tech University

Description We explored the classification performance of supervised machine learning methods on multivariate normal mixture datasets using HPC and analyzed heart failure dataset.

Undergraduate Project

Title *Exploring Paradox for Socio-economic and Health indicators in South Asian Countries*

Supervisor Md. Rashedul Hoque, Assistant Professor, University of Dhaka

Description The goal of my project was to use unsupervised machine learning techniques to mine the economic and social insights of a country.

Teaching Experience

Fall 2026 STAT 201: Elementary Statistics, University of South Carolina

Spring 2025- Lab instructor, STAT 201

Spring 2026

Fall 2022 MATH 1320: College Algebra, Texas Tech University

Contributed talks and Posters

- o Classification performance of supervised machine learning methods on multivariate normal mixture models, 5th Annual Meeting SIAM TX-LA Section, Houston, Texas (4-6 November, 2022)
- o Embedded Likelihood Function based Estimation under Accelerated Failure Time Models for Clustered Censored Data, International Society for Clinical Biostatistics (Virtual), (23-27 August, 2020)

1000 Whaley ST APT 1067, Columbia, SC 29201 –

Awards and Scholarships

- o Outstanding Graduate Assistant Award (Spring 2025)
- o Graduate Assistantship Enhancement Award from University of South Carolina (Fall 2023- Spring 2027)
- o Graduate School Research Support Fund from Texas Tech University (Spring 2023)
- o Travel Award: from Texas Tech University Graduate School, 5th Annual Meeting SIAM TX-LA Section, 2022
- o Travel Award: CFDC funding 2020 by the International Society for Clinical Biostatistics (ISCB), held at Jagiellonian University, Krakow, Poland.
- o ISRT Scholarship for undergraduate 2nd, 3rd, 4th year for good academic performance
- o Hon's Scholarship (2018) from University of Dhaka based on bachelor's result

Computer skills

Programming	R, C, PYTHON, MATLAB
Data Analysis Software	SPSS, STATA, SAS
Presentation tools	L ^A T _E X, MS Power Point
Others	SurveyCTO, Hadoop, SQL

Volunteering Experience and Membership

August 2022- July 2023	Sports Organizing Secretary, Association of Bangladeshi Students and Scholars at Texas Tech
August 2021- Present	Member, American Mathematical Society
2020	Regular member, International Society for Clinical Biostatistics
